Dear Davron Staffing:

I am writing to thank you for the excellent service your company has provided Talbots over the last several years. You always strive to find quality and qualified candidates for our open positions and for that I am very grateful. Your staff has the right mix of technical knowledge and understanding to properly screen candidates for us. Due to our lengthy business relationship, you also possess knowledge of our systems and can accurately present our company to your candidates so they know what we are all about.

I don't hesitate to recommend your company to others be they other companies or candidates who are searching for a job opportunity.

Sincerely,

Deborah S. Jeffries  
Manager, Human Resources
